Art speaks in terms of lines, shapes, forms, colours and textures and in this exhibition the resonances of imagination, creativity, expression and emotions can be sensed. The theme of this Art Exhibition is 'Zistwar' and 36 students will be exhibiting your creations conceptualized during the course of study at the MIE. 'Zistwar' - (Zis Twa Ek Art and Zis to Art) is the visual narration of each of each in service trainee educator, whereby each one has attempted to creatively express his/her constructive constructs through media, materials and artistic processes.

The Visual Arts Department invite you all to visit and appreciate a myriad of artistic creations interwoven into a beautiful tapestry of aesthetic representation.

# Zistw'Art

*Zistw'art (Ziss Twa Ek Art, Ziss To Art) is a collective tapestry of individualistic visual narratives of 36 in service Art and Design educators enrolled in the Post Graduate Certificate (2023-2024) at the Mauritius Institute of Education. This art exhibition is showcasing the culmination of the creative journey and the interweaved art pedagogy and practice exposure imperative for the teaching and learning Art and Design in the secondary school context. In this creative space, every artist and educator brings their own unique experience, adding a brushstroke to a wider canvas that celebrates diversity in expression. Here, passion and dedication transform into colours and forms, reflecting both individuality and unity. Each piece holds its own light, revealing talent and spirit shaped by sacrifice and devotion. Zistw'Art becomes more than just an exhibition—it's a lasting memory of creative souls joining together, reminding us to believe in the power of our colours, our art, and our stories.*
