Grade 7

Theme: Environment

Sound

Sounds are vibration that we can hear.

Activity 1

Pull an elastic band. It vibrates. This creates a sound wave that travels to your ear.

Activity 2

List other examples of pleasant and unpleasant sounds in the table below.

Pleasant sounds	Unpleasant sounds

Activity 3

Discuss the different sounds of nature with your teacher and state which sounds are soft and which sounds are loud. List them in the table below.

Loud	Soft
