Computer Ethics

Activity 1

Read each statement carefully and tick (✔) the correct option. An example has been done for you.

	Statements	Ethical	Unethical
1	Take pictures to embarrass your friends.		√
2	Protect someone's personal data.		
3	Access someone's computer without permission.		
4	Use a computer to steal information.		
5	Copy your friend's work and claiming it as your own.		
6	Use a software that you have paid for.		
7	Ask permission before using a computer.		
8	Use someone else's username and password.
